WORK EXPERIENCE

Angel Musical Instruments — Seoul, South Korea In-house Designer | March 2026 – Present

- Designed and maintained the company's English-language e-commerce storefront (Cafe24 platform), covering homepage, category, and product detail pages, along with checkout and account flows
- Designed detail (product) pages for the full product catalog, translating technical specs into visual layouts for an international audience
- Designed packaging for multiple instrument products, including print-ready mockups, panel layout, and label content across variants
- Shot and edited product photography for the catalog and marketing materials

ROK-US Combined Military Exercise — Busan, South Korea Interpreter | 2025

- Provided Korean–English interpretation support during a joint ROK-US military training exercise

CalArts Expo — Los Angeles, CA Collaborator | 2023

- Co-created an exhibited work with a fellow artist, presented at the CalArts Expo

PROJECTS

D&AD New Blood Awards — Brief: "Shape How the World Reads" Project: StoryType (Penguin Random House × Monotype) | 2026

- Designed StoryType, an AI-assisted typeface recommendation plugin that lets writers preview and apply fonts in real time based on the emotional context of their text

Posterheroes 15 — Brief: "Still Human" Project: Complete Imperfection | 2026

- Designed a three-poster series exploring the boundary between human and AI creativity through the lens of "making mistakes"

Typeface Archive — Ongoing

- Runs an archive introducing and explaining typefaces to a general audience, through redesigned specimen sheets published on Instagram and a companion website | typefacearchive.online
